## Indiggy Project by Erasmus Plus with KBM Consultants

### Italy News

### December 2014 Pesaro, Italy

At the beginning of December inside the premises of the Province of Pesaro in Italy, the Indiggy project has been presented to all possible project beneficiaries. The Indiggy project is an Erasmus Plus Project for VET Learners under the KA1 of the new EU funded 6 year programming. KBM Group is active part in the project with the company of the group KBM Media Solutions and in the summer 2015 the company will host 2 groups of students from Italy for an internship relating to "new digital strategies". The project will allow the students to benefit from full funding from the EU to cover for the accommodation, meals, local public transportation, some activities such as excursions and half-day visits in London.

The tutors of KBM Group will take care of the students for 4 weeks and they will help them to improve their digital skills and to learn the micro language that is needed for the sectors.
